

EDF Energy's Annual Fix Version 1 tariff - Domestic Energy Prices

- Electricity prices are shown in the top table below. To find your prices, look in the left hand column which shows your area. Once you've found your area, look along the top to see which meter applies to your (Standard or Economy 7).
- Gas prices are in the bottom table. The prices are the same for all areas.
- Rates are shown including and excluding VAT. They comprise a fixed daily charge and the relevant unit rates (kWh). The rates are explained in more detail in the notes section opposite.

Electricity prices (see notes A, 1, 3, 5)

Notes and additional charges and discounts for EDF Energy's Annual Fix Version 1 tariff

- A £25.00 Early Termination Fee will be applied to your electricity account should you change your electricity tariff before 31 December 2011 as defined in the Annual Fix Version 1 full tariff rules.
 - A £25.00 Early Termination Fee will be applied to your gas account should you change your gas tariff before 31 December 2011 as defined in the Annual Fix Version 1 full tariff rules.
- An electricity customer paying by monthly Direct Debit will receive a 6% discount on their energy charges which will be credited to their electricity bill on a pro-rated basis in line with their billing frequency. This discount is calculated prior to any other discounts and VAT being applied.
 - A gas customer paying by monthly Direct Debit will receive a 6% discount on their energy charges which will be credited to their gas bill on a pro-rated basis in line with their billing frequency. This discount is calculated prior to any other discounts and VAT being applied.
 - A Dual Fuel Customer will receive a yearly Dual Fuel discount of £8.40 (£8.00 excluding VAT) per annum, irrespective of their payment method. This is calculated daily and is credited to the customer's gas bills on a pro-rated basis in line with their billing frequency.
 - The gas charges stated in this leaflet may vary if your premises are not directly connected to the pipelines of the gas distribution networks of National Grid Gas, Scotia Gas Networks (Scotland Gas Networks and Southern Gas Networks), Northern Gas Networks and Wales & West Utilities. In these circumstances, your gas bill will be subject to an additional charge of 11.50p per day (10.95p excluding VAT). If you have any queries please call us free on 0800 096 9000[‡].
 - An Electricity Bill Saver discount is available to customers supplied by EDF Energy in the Seeboard, SWEB and London regions with no mains gas supply and who have an active electricity account. Customers will receive a discount equivalent to £8.40 (£8.00 excluding VAT) per annum, which will be credited to the account on a pro-rated basis in line with the customers billing frequency.

* Economy 7 night kWh will be supplied for a total of 7 hours between 10pm and 8am (actual times set by the local network operator) and these will be charged at the night kWh rate. All other kWh will be charged at the day kWh rate.[^]

[†] Note these gas prices only apply when taken as part of a Dual Fuel supply under this scheme.

[^] Where there are any changes to these prices and/or tariff structures during a billing period, charges and/or tariff structures will be pro-rated for the number of days up to the price change date. The new charges will apply pro-rata for the remaining bill period. Estimated data may be used in accordance with clause 5 of your full tariff rules (shown overleaf).

- The charges stated on this tariff sheet are dependent upon the suitability of the existing metering at your premises.
- The charges stated in this leaflet are only available for the supply of gas and electricity to continuously occupied premises used exclusively or mainly for domestic purposes within the areas defined above.
- Fixed daily charges (where shown) are payable whether or not electricity and/or gas is consumed at your premises.
- The Dual Fuel and monthly Direct Debit discounts are only applicable to tariffs within this leaflet. The Dual Fuel discount is subject to you having a concurrent supply of gas and electricity under an EDF Energy Domestic Supply Contract.
- You will not receive the discount for any period where there is no such concurrent supply (eg, where supply of one fuel has not commenced or the supply of one fuel ends but the supply of the other fuel continues).

Note that some of these prices have been naturally rounded. In some instances, more decimals may be shown on your bill. Where prices are shown 'including VAT', the VAT will be charged at 5%.

All prices are correct at time of publication (December 2010) although are subject to change. These prices will be effective on your account once we have successfully registered you (please refer to rule 2 of the Annual Fix Version 1 full tariff rules).

For further details on tariff information please call us free on 0800 096 9000[‡].

[‡] Calls to this number may be monitored and recorded as part of our customer care programme. 0800 calls are free from UK landlines, other network operators' charges may vary.
