

Version: Issued to Members: 13 Sept 2021

Community Forum

Agenda

Thursday 23rd September 2021 at 6pm

In person: Bridgwater & Taunton College, Rodway, Cannington, Bridgwater, TA5 2LS

"To consider and advise on issues that might affect the local community and key stakeholders as a result of NNB Genco (HPC) Ltd's activities associated with the construction of the new Hinkley Point C nuclear power station. This includes a formal update on matters covered by the nuclear site licence. Consideration of nuclear site licence issues relating to HPA and HPB, and issues surrounding new nuclear power development in general are not within the scope of this Forum."

- 1. Welcome and Introductions**
- 2. Meeting note and matters arising from the Forum held on: 20th May 2021 - (Chair)**
- 3. Project Progress Update - (Andrew Cockcroft, Anne Lawrence, EDF)**
- 4. Update: Office of Nuclear Regulation Report - (Jason Crook, ONR)**
- 5. Update: Community Fund - (Justin Sargent, Somerset Community Foundation)**
- 6. Update on Delivery of Housing Initiatives (Dave Baxter, Sedgemoor District Council; Robert Downes, Somerset West & Taunton Council)**
- 7. Main Site Forum 24th June 2021 - (Chair)**
- 8. Transport Forum 22nd July 2021 - (Chair)**
- 9. Any other business - (Chair)**
- 10. Date of next meeting: (20th January 2022)**

The Community Forum will be taking place in a location managed by Bridgwater and Taunton College who continue to operate a number of covid-19 safeguards to keep everyone safe.

Together with the College, we ask that visitors do not attend if they have any symptoms such as high temperature; a new, continuous cough and loss of smell or taste. We would appreciate visitors having undertaken a lateral flow test beforehand with a negative result but do appreciate this is personal choice.

Unless people are exempt, the College also requests face coverings to be worn in common areas and where personal distance cannot be maintained. Hand sanitising stations are available at the building entrance and there will be windows open for ventilation.

When we meet, there will also be no students present and our event is the only one taking place in that area at the time. The hall is large and the layout will allow people to be spaced out as far as possible.
