Important Information

- The prices stated here apply from 1 July 2025 until further notice
- Where there are any changes to these prices during any period, charges will be pro rated for the number of days up to the price change. The new charges will apply pro rata for the remainder of that period. Estimated data may be used in accordance with your supply terms.
- The Fixed Daily Charge is applied per meter
- All unit prices are in pence per kWh and exclude VAT, Climate Change Levy (CCL), Metering Costs, Reactive Power and Excess Capacity Charges
- All times shown are GMT

* Deemed Prices for Extra High Voltage (EHV) customers depend on the characteristics of each customer, such as load, metering, network costs, etc. We are therefore unable to set fixed EHV prices for all customers. The prices shown are for indicative purposes only and do not include Distribution or Transmission charges (including for Distribution losses), which will be applied with the best view of forecast at time of pricing. Actual prices vary and we will seek to communicate them to the relevant customer in writing as soon as reasonably practicable after they take a supply of electricity on a Deemed basis, or, where we require any information about the customer in order to determine actual prices, as soon as reasonably practicable after we receive that information. EHV prices, and all associated distribution and transmission pass through costs, will be binding from the point the relevant customer takes a supply on a Deemed basis, regardless of when they are communicated.

For more information, please call us on 0845 366 3664*. We're open Monday to Thursday 8 am to 5 pm; Friday 8 am to 4 pm.

*We may monitor and/or record calls for security, quality, or training purposes. Calls to 0845 numbers will cost up to 7p per minute plus your standard network charges. The price of calls may vary with other operators and calls from mobiles may be considerably higher. Please check with your operator for exact charges. EDF Energy is a trading name used by EDF Energy Customers Ltd, Reg. No. 02228297 whose Registered Office is at Nova North, 11 Bressenden Place, London, SW1E 5BY, incorporated in England and Wales.
