

SMALL BUSINESS ENERGY EFFICIENCY BINGO

How many energy efficiencies can you make around your business? Every time you make a saving, tick off the square (or mark with your initials if there are a few of you taking part). The first person to get a line (bingo) or full house (you decide) is the winner!

<p>Only fill the kettle with as much water as you need</p>	<p>Check if the radiators are clear of boxes or furniture</p>	<p>Turn off the air con when the windows are open</p>	<p>Turn computers off when you leave for the day</p>	<p>Run the dishwasher during off-peak hours</p>
<p>Turn off lights when a room is not in use</p>	<p>Turn off the heating when the windows are open</p>	<p>Unplug chargers when not in use</p>	<p>Empty room? Turn the heating down</p>	<p>Only put the dishwasher on when it's full</p>
<p>Turn down the thermostat by 1°C</p>	<p>Turn the microwave off after meal times</p>	<p>FREE! And did you know you can get free energy when you install solar panels?</p>	<p>Use lids on pans when using a hob</p>	<p>Sunny day? Turn off the overhead lights</p>
<p>Keep doors closed when the heating or aircon is on</p>	<p>Turn off extraction fans when they're not needed</p>	<p>Sunny day? Open blinds to let in the light and warmth</p>	<p>Don't print if you don't need to!</p>	<p>Turn off printers at the end of the working day</p>
<p>Turn down the brightness on monitors and screens</p>	<p>Use task lighting if you don't need to light the whole space</p>	<p>Check any shared fridges are emptied regularly to keep your fridge working efficiently</p>	<p>Keep fridge and freezer doors closed as much as possible</p>	<p>When did you last dust the vents or fans?</p>
