Freedom for business – electricity prices

Freedom for business – electricity is a flexible product which allows you to leave at any time, as long as you don't have an outstanding balance. As these prices are variable, they are subject to change. They are also typically more expensive than our Fixed Price contracts. This is because by committing to stay with us for a fixed period, we're able to more accurately buy your energy in advance.

Important information:

- Prices correct as of 7 January 2016
- At least 30 days' written notice will be provided ahead of any changes to these prices
- Where there are any changes to these prices during a billing period, charges will be pro rated for the number of days up to the price change. The new charges will apply pro rata for the remaining bill period. Estimated data may be used in accordance with your supply terms
- The Fixed Daily Charge is applied per meter
- All unit prices are in pence per kWh and exclude VAT and Climate Change Levy (CCL)
- If you pay monthly by Budget Direct Debit you will receive a 7% discount off every bill. Discount is applied before VAT and CCL
