

Our complaints performance

The total number of complaints received during July, August and September (Q3) 2016 was 122,637. Which is lower than in the previous quarter (133,467) and significantly lower than the Q3 total for 2015 of 140,023 complaints.

Through our complaints improvement programme, we've continued to look at the causes of customer dissatisfaction. We've then addressed these causes by making improvements to our systems and processes. We will continue making positive changes throughout 2016 and beyond.
