1 The **Daily standing charge** applies whether or not you use any electricity or gas at your premises as supplied by EDF.

2 **Standard meter** - this is the most common type of meter for electricity and gas. These meters show a Unit rate (kWh) using a mechanical clock, digital display or dial.

3 **Economy 7 meter** - also known as E7. This is a two-rate meter for electricity that shows a Day rate (kWh) and a Night rate (kWh). Night rate gives you cheaper unit rates for a total of seven hours, typically between 10pm and 8am (actual

times are set by the local network operator and can be found on your bill). All other kWh will be charged at the Day rate.

The charges shown are only available for supplying electricity and gas to continuously occupied premises used only or mainly for domestic purposes.

If you are responsible for making payments under a Green Deal Plan, we will collect those payments from you using the same payment method as you use to pay for your energy.

Standard (Variable) and Deemed - prepayment prices

All prices shown are inclusive of VAT charged at 5% and rounded. Prices on your bill are shown without VAT.
