¹ The **Daily standing charge** applies whether or not you use any electricity or gas at your premises as supplied by EDF.

² **Eco20:20** - This is a two-rate meter for electricity that shows a Day rate (kWh) and a Night rate (kWh). Night rate gives you lower unit rates between 9pm and 7am (GMT) on weekdays, and all weekend. All other kWh will be charged at the Day rate.

³ **Economy 10 meter** - This is a two-rate meter for electricity that shows a Day rate (kWh) and a Night rate (kWh). Night rate gives you cheaper unit rates for a total of ten hours (actual times are set by the local network operator and can be found on your bill). All other kWh will be charged at the Day rate.

⁴ **Standard meter** - this is the most common type of meter for electricity and gas. These meters show a Unit rate (kWh) using a mechanical clock, digital display or dial.

The charges shown are only available for supplying electricity and gas to continuously occupied premises used only or mainly for domestic purposes. If you are responsible for making payments under a Green Deal Plan, we will collect those payments from you using the same payment method as you use to pay for your energy.

Ofgem Default Tariff Cap prices

E5/White and Off Peak

All prices shown are the Ofgem Default Tariff Cap rates before discounts under the Government Energy Price Guarantee have been applied if discounts are applied for cap period.

These prices are inclusive of VAT charged at 5% and rounded. Prices effective from 1 July 2023
