DIRECT DEBIT

We’ve tried to summarise what we believe to be the key terms, but they’re all important and you may have a different view of what is most significant to you. That's why it’s important you read our full terms and conditions and let us know if you have any questions. We'll send updated copies at least once every 12 months, but you can ask for a copy at any time by contacting us on 0333 200 5100 or going to edfenergy.com/tariff-info.

CHARGES

Your energy prices and the date your tariff ends are set out in your Tariff Information Label. These won’t change until the date your Easy Online+Bright Bundle ends or your payment type changes. You can end this contract at any time by giving us notice. However, you may need to pay an exit fee of £50 per fuel if this contract is ended more than 49 days before its end date – either by us in accordance with these terms, or by you leaving the tariff or changing supplier.

If you don’t pay in line with your payment method or payment frequency which you have agreed to at the time of entering into this contract, your contract may end or change. This could result in a change to your payment method, payment frequency or charges, or all. You’ll get at least seven working days’ notice of this. If we make any other change which is to your disadvantage, we’ll tell you and give you the chance to change supplier. We’ll explain what you need to do and when, at the time. You are ultimately responsible for any charges incurred in accordance with these terms.

DIRECT DEBIT AND PAYMENT METHOD

As you pay for your energy by Direct Debit, we need to agree the fixed amount you need to pay at first to cover your yearly energy costs. We’ll then review this amount every 12 months. We might carry out more frequent reviews, but this isn’t guaranteed. Unless we decide that it’s necessary to do so, we won’t alter your Direct Debit at the point you make any extra ‘one-off’ payments or when you change your tariff, but at each review we will take account of one-off payments you have made and changes to your tariff rate.

We review your Direct Debit payments in line with our Direct Debit rules, which form part of these terms. You can find them at edfenergy.com/directdebitrules.

PAY AS YOU GO

Pay as you go is a quick and easy way to pay for your energy and is exclusive to customers with a smart meter. Pay on the app, online, in-store or over the phone. If you choose pay as you go as your payment method, this will operate in accordance with our ‘Pay As You Go Explained’ leaflet, which is available at edfenergy.com/paygpolicy. Pay as you go contains additional functionality including auto top up and low balance alert. For more information on these functions work please visit edfenergy.com/paygpolicy.

EASY ONLINE+ BRIGHT BUNDLE

One Amazon Echo Show 5*, one Philips Hue Colour Ambiance Lightstrip V4 and a Philips Hue Bridge will be provided per household. We will send you a confirmation SMS to confirm you will receive your bundle products within 40 days of your start date on this tariff. The bundle products will be sent to your supply address through our fulfilment partner Exeris. If you haven’t received your bundle products within this timeframe, please contact our smart home store by emailing smart homerestore@edfenergy.com.

For your Amazon Echo Show 5 you’ll be required to have, or sign up for, Amazon account terms and conditions of use. To ensure you can enjoy the benefits of all your devices, you must have the following:

- Wireless broadband router and good Wi-Fi coverage across your home
- A smartphone, tablet, PC or laptop with Android or Apple iOS (Windows and Blackberry phones are not compatible) certain skills and services may require subscription or other fees.

Signing up to this tariff means you also agree to:

- Manage your account entirely online
- Provide a valid email address and register for MyAccount
- Receive your bills, account information and updates electronically
- If you do not have a smart meter you agree to have one fitted, or, if you decide you don’t want one installed, you can opt out by letting us know.
- Have both your electricity and gas supplied by EDF (or electricity only if you don’t have a mains gas supply to your property).

DIRECT DEBIT

Direct Debit is an easy way to pay for your energy and helps you budget for your bills. It’s good value too – because you’ll benefit from a lower unit rate for your energy.

BUDGET DIRECT DEBIT

To pay using our Budget Direct Debit plan we first need to agree a fixed amount to cover your energy costs.

HOW WE CALCULATE YOUR DIRECT DEBIT

We estimate how much we think you’ll spend on your energy over the coming year based on information we have in our records, such as your previous energy usage and your type of property. When it’s time for your Direct Debit review, we also take into account any balance on your account. We then divide this annual cost into 12 monthly payments, which are spread equally across the year. This means that you won’t end up paying more in winter or less in summer – just the same amount all year round.

HOW BUDGET DIRECT DEBIT REVIEWS WORK

We review your Direct Debit every 12 months. We might carry out more frequent reviews, for example if we receive a meter reading, but this isn’t guaranteed. Unless we decide that it’s necessary to do so, we won’t alter the amount you pay by Direct Debit at the time you make any extra ‘one-off’ payments or when you change your tariff, but at each review we will take account of one-off payments you have made and changes to your tariff rate.

WHY YOUR DIRECT DEBIT AMOUNT MIGHT CHANGE

After we’ve completed the annual review, if your Direct Debit needs to increase or reduce to cover your estimated annual energy cost, we’ll let you know and make the necessary changes. To avoid your agreed payments changing too often, we’ll only alter them between annual Direct Debit reviews if we think your payments need to change by more than 10% to cover your total energy costs for the year. Latest details can be found at edfenergy.com/directdebit.

HOW ANY DEBIT OR CREDIT IS BALANCED OUT

Once we’ve completed your review, if we have an up to date meter reading and we find your account is in credit or in debit, we’ll usually update your monthly payment amount to spread the balance across the following 12 payments. In exceptional circumstances we may collect the full debit amount you owe from your bank account. In these cases we’ll try to get in touch at least 12 working days beforehand.

IF YOU WANT TO PAY YOUR AMOUNT IN FULL DIRECT DEBIT WHOLE AMOUNT EVERY MONTH OR EVERY THREE MONTHS – HOW IT WORKS

- Every month/three months you’ll get a reminder from us asking you to read your meter or pay your regular payment amount.
- If you give a valid meter reading by the date we ask you to, we’ll use this to send you a bill for the amount we’ll collect from your account for that month or three months. So you can be sure you’re paying for your actual use.
- We’ll also check your regular payment amount to make sure it’s set correctly and that you’re paying for what you use.
- If you don’t give us a reading, we’ll ask you to pay a ‘regular payment amount’ which we work out by calculating how much energy we expect you to use in a year and dividing this into 12 equal payments. We look at any meter readings you’ve sent us or we’ve taken for you – if a meter reader visits your property for example. If you have less than two meter readings for your account, we will look at the size of your home and how you use your energy to make sure you’re paying the right amount.
- If you change your tariff, we’ll check that your regular payment amount is set correctly.
- If you don’t send us a meter reading, we’ll collect the amount shown on the regular payment amount.
- You can give us meter readings online through MyAccount or the EDF app, any time you like.
1.3 Our responsibility to supply your premises (and your ‘we’, ‘us’, ‘our’ to us, so we can become the registered supplier.

2.3 You must make sure that your premises have a suitable meter installed that meets relevant industry standards for safety, accuracy and reliability and which is capable of providing all the information we need to provide and measure energy in line with the type of tariff you have chosen. If the premises do not have a smart meter or the meter is not in a suitable case, we may replace, reposition or reprogramme it (for which we may charge you) or we may charge your tariff to one that we consider appropriate (that may affect your prices). We will not be responsible for any fault relating to metering equipment we do not own or that has not been provided on our behalf. You should call us if you are not happy with the type of meter that is appropriate.

2.4 If you have a ‘smart meter’ that we can read without coming to your premises, you agree that: (a) it and the in-home display unit must not be removed from the premises without our permission; (b) we may use it to remotely monitor the energy you use; (c) we may remotely repair and update it, switch it from credit to prepayment or disconnect your supply (or both); (d) we may use information from it to work out your bill, offer you appropriate tariffs and other products (including via an associated in-home display device) and for any other purposes in line with the information we are permitted to use; (e) from time to time the information your smart meter may not correctly reflect the energy you have used. In such circumstances, we reserve the right to apply the correct charges which will be applied to your smart meter or reflected in a separate bill.

3.1 You must make sure that all metering equipment is not damaged, stolen or lost and is kept in safe condition. You must tell us immediately if there is any damage or fault to the metering equipment. We may recover any costs we have to pay for replacing or repairing the metering equipment (including any call-out charge), and any damage is caused by something we have done or failed to do.

3.2 If your contract ends, we may recover any metering equipment we have provided to you and will give us, our contractors or any person we tell you about, all the access we need to do this.

3.3 You agree to have both your gas and electricity on supply to your property (and your ‘we’, ‘us’, ‘our’ to us, so we can become the registered supplier.

3.4 You can end this contract at any time by giving us notice however, you may need to pay an exit fee of £50 per fuel if this contract is ended more than 49 days before its end date – either by us in accordance with these terms, or by you leaving the tariff or changing supplier.

DEFINITIONS

‘Amazon Echo Show 5’ – A hands-free, voice-controlled device that can speak to you in simple English.

‘charges’ – our charges for supplying energy, including any Green Deal charges which apply.

‘end date’ – the date your tariffs ends, which is shown in your Tariff Information Label.

‘energy’ – residential gas or electricity (for both) and all related services.

‘exceptions’ – the conditions set out in Standard Licence Condition 14A.2 of our gas and electricity supply licence. For example, these include:

• if your previous supplier objects to transferring the supply;
• we don’t have the information needed despite taking reasonable steps to get it; or
• the supply transfer is prevented by any other circumstance outside of our control where ‘we’ve taken all reasonable steps to deal with the problem.

‘Green Deal charges’ – the charges for energy-efficiency measures installed at your premises that we must collect through energy bills in line with the Government scheme known as ‘Green Deal’.

‘metering equipment’ – the energy meter and other related devices, like key cards or in-home display devices.

‘metering point’ – the house you live in and is used for domestic purposes only.

‘Green Deal’ – the companies licensed to deliver energy efficiency measures installed at your premises that we must collect in a suitable place, we may replace, reposition or reprogramme it (for which we may charge you) or we may charge your tariff to one that we consider appropriate (that may affect your prices). We will not be responsible for any fault relating to metering equipment we do not own or that has not been provided on our behalf. You should call us if you are not happy with the type of meter that is appropriate.

‘Philips Hue Colour Ambience Lightstrip V4 and a Philips Hue Bridge’ – This includes a 2m lightstrip (with plug) with adhesive backing and a Philips Hue Bridge.

‘premises’ – any part of any land, building or structure you’ve asked us to supply energy to.

‘property’ – the house you live in and is used for domestic purposes only.

‘registered supplier’ – the supplier registered with the local metering point administration service or metering point operator who is responsible for supplying energy to your premises.

‘supply start date’ – for each fuel, the date from when we become the registered supplier for your premises.

‘supply transfer’ – transferring responsibility for supplying energy from previous supplier to us, so we can become the registered supplier.

INTRODUCTION

1.1 This is a contract for us to supply energy to you. By entering into it you agree to keep to its terms. Please read carefully so you understand your responsibilities. The standards we must meet in supplying energy, the compensation arrangements that apply if we fail to meet these, are set out in the Standards of Performance booklet.

1.2 You are responsible for making sure your premises are connected to all relevant distributors’ networks. If they’re not currently connected, please contact our live chat team by visiting edfenergy.com/myaccount.

1.3 Our responsibility to supply your premises (and your responsibility to pay for the supply) begins on the supply start date. From this date and for as long as we’re the registered supplier, all energy that passes through your meter or which is supplied to the premises will be treated as being supplied under this contract, even if you have a contract with any other person.

1.4 This contract continues until it is ended in line with clause 7. After this time, if you want to receive a further supply, you will need to enter into a new contract with us. Any supply made during any period where there is no contract between us will be governed by the terms of this contract. Information on this supply will be published under the Gas Act 1986 and Electricity Act 1989.

1.5 If you’re a new customer we do not currently supply, we’ll need to ask for a supply transfer. This will be completed within 21 days after we have given your previous supplier notice, unless:

(a) you tell us to do otherwise; or
(b) one or more of the conditions set out in Standard Licence Condition 14A.2 of our gas and electricity supply licence (known as the ‘exceptions’) applies (in which case we’ll contact you to deal with the issue as soon as possible).

2. Access

2.1 If you agree to give us, our contractors or any person we tell you about, safe, full, free and unrestricted access to your premises and all metering equipment and other fittings used in connection with supplying your premises, so that we can install, maintain or access these, you must remove them and pay any costs involved. We may also charge you if you don’t let us know at least 48 hours beforehand if access won’t be available at the time of your call.

2.2 You are responsible for all pipes, equipment, wires and cables, and all other fittings used in connection with supplying energy on your side of the meter and their maintenance and safe condition. (Your side of the meter starts at the point energy leaves your meter after the meter has measured it, and includes your home wiring). Any energy losses that happen on your side of the meter are your responsibility. If you ask for a meter inspection at your premises, we may charge you.

3. Supply

3.1 If any Green Deal charges which apply.

3.2 Any customer who has signed up to be supplied by us, we’ll provide a service or product to you.

3.3 You agree to have both your gas and electricity on supply to your property.

3.4 You can end this contract at any time by giving us notice however, you may need to pay an exit fee of £50 per fuel if this contract is ended more than 49 days before its end date – either by us in accordance with these terms, or by you leaving the tariff or changing supplier.

One Amazon Echo Show 5*, one Philips Hue Colour Ambience Lightstrip V4 and a Philips Hue Bridge will be provided per household. We will send you a confirmation SMS to confirm you will receive your bundle products within this timeframe, please contact our smart home store by emailing smarthomestore@edfenergy.com.

For your Amazon Echo Show 5 you’ll be required to, have, or sign up to, Amazon account terms and conditions of use. To ensure the benefits of all your devices, you must have the following:

• Wireless broadband router and good Wi-Fi coverage across your home.
• A smartphone, tablet, PC or laptop with Android or Apple iOS (Windows and Blackberry phones are not compatible) certain skills and services may require subscription or other fees.

Signing up to this tariff means you also agree to:

• Manage your account exclusively online.
• Provide a valid email address and register for MyAccount
• Receive your bills, account information and updates electronically.
• If you don’t have a smart meter you agree to have one fitted, or, if you decide you don’t want one installed, we can opt out by letting us know.
• Have both your electricity and gas supplied by EDF (or electricity only if you don’t have a mains gas supply to your property).

3.5 We may change your any reasonable costs and expenses we have to pay in carrying out our responsibilities to you. This includes any reasonable costs connected with distributors’ services, recovering money you owe, and disconnecting, reconnecting or replacing any metering equipment.

3.6 You can ask for up-to-date information on your tariffs and charges which apply, and any other charges we might make for other services. To do this contact our live chat team by visiting edfenergy.com/myaccount or visit edfenergy.com/additionalcharges.

3.7 Smart meters automatically send us your meter readings, meaning that you don’t have to. Smart meters help make estimated bills a thing of the past and allow you to take control of your energy consumption. It is up to you whether or not you would like to have a Smart meter installed at your property. By signing up to this tariff you agree to either having a Smart meter fitted when we’re installing them in your area, or letting us know if you’d prefer not to have one.

ENERGY PRICES

3.8 The charges for your EasyyOnline-Bright Bundle are set out in your Tariff Information Label which you should have received as part of your contract letter. The charges which apply to you depend on your supply area, the type of your meter, payment method and the structure of your tariff. 

3.9 Except for a change in law, regulation, tax or duty which affects us in a way that is beyond our reasonable control, or the introduction of a new tax, duty, charge or levy which we have to or allowed to
recovery from you through your energy bill (or bills), the prices and terms and conditions for your Easy Online+Bright Bundle will not change until the end of your contract.

3.10 If you're already an EDF customer and are changing your tariff, you won’t receive the benefits of your new tariff (for example its prices) until we process the change. We’ll write to you to confirm when this will happen.

3.11 The Easy Online+Bright Bundle is only available if you have a standard credit meter, Economy 7 credit meter or any non STD complex credit meter for the energy you want us to supply. If you have a different type of meter, we may need to supply you on a different tariff, which is likely to have different prices and features. If we find this is the case, you apply yourself on whichever of our other tariffs we believe is most suitable for you. We will write to you to let you know if this happens.

3.12 Whilst we’ll endeavour to provide you access to our online channels 24/7, from time to time, we may have to carry out scheduled maintenance. During these times, MyAccount may not be available.

3.13 The Easy Online+Bright Bundle tariff is only available for customers who are not in debt to us. If you have, or at any time agree, an instalment plan with us to pay outstanding debt then we are permitted to refuse to offer, or supply you on, the Easy Online+Bright Bundle. If we do so, we will inform you of alternative tariffs we offer. If you fall into debt while supplied on Easy Online+Bright Bundle then we may terminate this contract. If we do, and you want to supply, then you will be supplied on our deemed contract scheme, and will be charged our deemed contract scheme prices for cash/cheque customers, which are available at www.edfenergy.com/studs/default/files/SOS_deemed_rate_card.pdf

Low-carbon electricity

3.14 At the end of each fuel mix reporting year we’ll make sure we’ve bought enough low-carbon nuclear electricity to match the total volume of electricity supplied under this contract. The fuel mix reporting year begins on 1 April and ends on 31 March the following year.

4. Changes to terms

4.1 If, within 20 working days of your Easy Online+Bright Bundle tariff coming to an end, (a) you agree a new fixed tariff term with us; or (b) another supplier formally lets us know that they will become your registered supplier and your switch goes ahead within a reasonable period, we’ll extend your current prices and terms until the transfer happens (a ‘transfer extension’). We’ll do this unless you’re changing supplier and have not paid your account that has been outstanding for 28 days or more. In those cases we may tell the other supplier that we’re preventing the transfer until you’ve paid. We’ll tell you if this happens, and at the latest when we pay the charges within 30 working days your transfer will be able to go ahead and we’ll apply the tariff extension provided you do transfer to your new supplier within a reasonable period.

Our right to change terms

4.2 We are allowed to change all terms of supply at any time, as long as the change is not to your disadvantage. Any changes will apply from the date we start supplying you. If you don’t pay as agreed, your charges may change.

4.3 If you have a debt which is still not paid after 28 days or if you fail to keep to any payment method we agreed with you, we’ll move you onto a different tariff, which is likely to have a different type of meter, we may need to supply you on a different tariff, which is likely to have different prices and features. If we find this is the case, you apply yourself on whichever of our other tariffs we believe is most suitable for you. We will write to you to let you know if this happens.

4.4 If you or we end this contract and we continue to be your registered supplier, if you haven’t agreed a new tariff with us then you may move to our ‘deemed contract scheme’, which has different prices and terms and can be available at edfenergy.com. If this happens, or if we change your contract under clause 4.3, you will no longer benefit from features such as any fixed-price period.

Your right to change terms

4.5 You are allowed to change any of the following terms at any time. (a) The payment method for this tariff is Direct Debit. If you change your payment method to anything other than this, we will transfer you to our deemed contract scheme under clause 7.6 of these terms. (b) Type of meter – as long as you have paid all charges due for your energy and your tariff supports your chosen meter type, your current tariff from standard metering to multi-rate (for example, Economy 7 metering, and vice versa) (c) Moving home – if you move home and the payment method for your new home support your existing tariff, you may change the premises being supplied to your new premises. If you decide to do this, you must tell us which fuels you want us to supply for the new premises. We will explain to you how we can apply to become the registered supplier for those fuels. (d) To do any of the above you need to ask us. If you do, the changes will apply once we have processed your request. Your charges may change as a result, and you agree to this. You may also have to pay costs associated with changing your meter. We will explain any changes to your charges and any extra costs to you at the time.

Ending a tariff

4.7 In advance of the tariff end date we’ll write to remind you that your Easy Online+Bright Bundle is ending. You can then: (a) switch to one of our other tariffs, as long as your new tariff is already available or becomes available within 20 working days of the end date (if we do so, we’ll let you stay on your Easy Online+Bright Bundle prices until then); (b) switch to another supplier (as long as they formally let us know within 20 working days of the end date that they will become your registered supplier); (c) if you don’t do (a) or (b), we’ll arrange for your energy accounts to be automatically transferred on the end date to the most appropriate standard variable or fixed tariff that we have on offer at the time based on your current type of meter and payment method. We’ll include the prices for this tariff when we write to you.

5. Billing

5.1 We will give you a bill or statement at least once a year, but we may send you a bill or statement at any time, or in line with your agreed payment method and communication preferences. We’ll calculate your charges based on the amount of energy you’ve used. We’ll charge you for your energy usage based on the amount of energy we reasonably consider that you have consumed (or which we estimate you have consumed) (see paragraphs 5.2 below) for the period covered by your bill, up to a maximum period of twelve months except where the charges relate to circumstances where: (a) you have previously taken steps to recover payment for charges which are older than this, (b) we have not taken action to recover older charges because of any unreasonable act or omission on your part, or (c) any other circumstance which applies which our regulator confirms that we may seek to recover charges relating to consumption that is older than twelve months.

We don’t have an up to date meter reading we will calculate the charges relating to the full amount of energy supplied during the period. Where we don’t have an up to date meter reading we will calculate the charges using the information that we have available about your property, however to help us to improve the accuracy of your bills please provide us with an up to date and accurate meter reading at least once per year.

5.2 We have the right to estimate your usage if we don’t have all the information we need (including the energy you have used during any period) to work out the charges you owe us. We’ll estimate using information we have about the energy used at the premises. This may take into account adjustment to reflect seasonal changes in use and previous meter readings, or the characteristics of your home and household energy use, or price changes.

5.3 If your meter is not read immediately before the supply start date, or we reasonably believe that the reading we have is not accurate, we may estimate the amount of energy supplied during the period beginning with the supply start date and ending on: (a) the date the meter is first correctly read after the date we start supplying you; or (b) the date your contract with us ends; whichever is earlier.

5.4 Where this contract ends, we’ll take all reasonable steps to send you a final bill within 6 weeks. Where new information becomes available, we’ll send you a corrected final bill as soon as reasonably practicable.

6. Payment

6.1 You must pay your bill by the due date on the bill (or if a due date is not given within 14 calendar days of the bill date) using the payment method we have agreed with you.

6.2 If you have a debt which is still not paid after 28 days or if you fail to keep to any payment method we agree with you, we will treat this as you giving us notice to end your contract under clause 7.1. We have the right to use or transfer any debts or credits that you have with a previous supplier to us; or (b) with us to a new supplier. Either of us can use credit you have on accounts you have with us to pay off debt you owe us or our group companies.

6.4 If you are being supplied at premises where Green Deal charges apply, we’ll collect these from you through your bill or statement. You must pay Green Deal charges using the same payment method as you pay for your energy. You cannot choose a different method. We’ll only collect Green Deal charges that become due after we start supplying you, and we’ll add them to your bill onwards.

6.5 If we owe you any outstanding charges, and you send us a payment that does not cover these charges, we’ll put it towards whichever debt and in whichever proportions we consider appropriate.

Direct Debit

6.6 As you pay for your energy by Direct Debit, we need to agree the fixed amount you need to pay at first to cover your yearly energy costs. We’ll then review this amount every 12 months. We might carry out more frequent reviews, but this isn’t guaranteed. If we decide that it’s necessary to do so, we won’t alter your Direct Debit at the point you make any extra ‘one-off’ payments or when you change your tariff, but at each review we will take account of one-off payments you have made and changes to your tariff rate.

6.7 Whenever we review your Direct Debit, we’ll estimate the cost of the energy you’ve used (the ‘annual energy cost’) up to the date of the next annual Direct Debit review date. This will be based on your past energy use, current prices, and any debt or credit on your account. We’ll add all charges due for your energy and your tariff supports your chosen meter type, we may need to supply you on a different tariff, which is likely to have different prices and features. If we find this is the case, you apply yourself on whichever of our other tariffs we believe is most suitable for you. We will write to you to let you know if this happens.

6.8 If, on the date we review your Direct Debit account is in credit or in debt, we’ll usually update your monthly payment amount to spread the balance across the following 12 payments. If your account with us is in debt by more than our ‘specified debt amount’ we’ll let you know (but we won’t take the amount of the debt from your bank account. By choosing to pay by Direct Debit, you agree to these payment terms. (You can find our current specified (set) percentage and specified debt amount and specified debt amount information on paying by Direct Debit, on our website at edfenergy.com/directdebit).

6.9 Apart from where you or we change the way you pay your charges under clauses 4.3 or 4.5, if you choose to pay by Direct Debit, you must continue to use that payment method to pay the charges. If you fail to do so, we will write to you, explaining what has happened and giving you a date when you need to re-start your Direct Debit payment. If you don’t do so by the time, we can move you onto the cash/cheque or Pay As You Go prices for your current tariff. You can find the current cash/cheque and Pay As You Go prices for your current tariff by viewing the relevant tariff information label at edfenergy.com/t Lil, or by calling us.
Debt

6.10 If we agree a payment method with you, you must pay charges in line with it. If not, we can withdraw it and all outstanding charges will then be due in full.

6.11 If we can’t pay our bills in the way we’ve agreed, we can ask you to pay by another method and this may increase the price you pay for your energy (see clause 3.3). If this means we fit a prepayment meter, clause 3 will apply and any reasonable costs, which we’ll tell you about at the time. If you’re struggling, you can pay through deductions to social security you receive, by regular instalments or by using a prepayment meter (if we consider this safe and practical). We’ll also let you know how you can reduce your charges by using energy more efficiently.

6.12 If you fall into debt and we agree with you to pay this debt via an instalment plan, we may move you to our Cash Cheque prices version.

6.13 If you are late in paying any of our bills and fail to pay it in full after we have reminded you to pay, we may charge you a £10 late payment charge for that bill.

6.14 If your contract ends and you do not pay the charges due under the contract within 28 days of it ending, we may transfer your new supplier the right to recover those charges from you (within certain limits set out in our licence). Equally, in line with the same limits, when your contract begins, your previous supplier may grant us the right to recover any unpaid charges from your contract with them. In these circumstances, you agree that we can collect from you the amount you owe, plus reasonable costs.

6.15 We’ll only take debt recovery actions which we consider to be proportionate.

7. Ending your contract

7.1 From the day after signing up with us, you have the right to recover those charges from you (within certain limits set out in our licence). Equally, in line with the same limits, when your contract begins, your previous supplier may grant us the right to recover any unpaid charges from your contract with them. In these circumstances, you agree that we can collect from you the amount you owe, plus reasonable costs.

7.2 If you use your right under clause 4.5(c) and want to end this contract, we’ll arrange for it to start receiving one. In these cases, the contract will stay in place while it is suspended, and your responsibility continues after this contract ends and a new contract scheme.

7.3 If you have your right under clause 4.5(c) and want to stop taking one of the fuels we supply (for example, you go from dual fuel to electricity only), you may do so if:

(a) another supplier becomes your registered supplier for that fuel; or
(b) your new premises do not receive a supply of that fuel (for example, if your new premises is not connected to the distributor’s system) and you do not arrange for it to start receiving one. In these cases, the contract will no longer apply to the relevant fuel.

7.4 Unless you use your right under clause 4.5(c), if you change premises you must give us notice so we can end this contract. If not, you’ll be legally responsible for the original premises.

7.5 If you use your right under clause 4.5(c) and we are not able to provide the fuel you require for your new premises, our responsibilities to you under this contract will be suspended from the date you leave your old premises until the date we become the registered supplier of your new premises. The contract will stay in place while it is suspended, and you will be responsible for all bills relating to energy used at your old premises up until a new supplier takes over.

7.6 We can end our arrangements with you under this contract by giving you written notice except if we are acting under clause 7.6 (in which case, we do not have to give you any notice).

7.7 We are entitled to end this contract immediately in any of the following circumstances:

(a) you do not keep to any of its terms.
(b) you no longer own, rent or use the premises.
(c) you have any form of bankruptcy or insolvency proceedings brought against you.
(d) we reasonably believe that you have stolen energy or deliberately interfered with any metering equipment.
(e) There is a risk of danger to you or others if we continue the supply.
(f) Circumstances beyond our reasonable control mean we are not able to carry out our duties under this contract (for example, anything any energy supplier, distributor, or other person does or fails to do).
(g) We are no longer licensed as an energy supplier or are asked to stop supplying you by Ofgem or another industry regulator.
(h) You cancel your Direct Ebit.
(i) Ofgem issues a direction to another supplier telling them to take over the supply to your premises, including in circumstances where Ofgem has decided that there has been a situation has arisen, which means it is allowed to take away our supply licence, and has decided to do so.
(j) If you go from dual fuel to electricity only), you may do so:

If you fall into debt and we agree with you to pay this debt via an instalment plan, we may move you to our Cash Cheque prices version.

8. Limits to our legal responsibilities

8.1 We are only legally responsible to you as set out in these terms and conditions. We have no other duty or legal responsibility to you, and all responsibilities, guarantees and liabilities implied by law or otherwise will not apply, as far as this is allowed by law.

8.2 We will not be legally responsible to you for any event or circumstance beyond our reasonable control.

8.3 We are not legally responsible to you in any way for any indirect or direct loss of income, business or profits, or for any other loss or damage that could not reasonably be foreseen at the time we entered into this contract, other than that caused by us acting fraudulently. Also, we will not be legally responsible to you for any loss you suffer as a result of your responsibilities to any other person (however this is caused).

8.4 If we are legally responsible to you under these terms, except as set out in clause 8.5 below, the maximum amount we will accept responsibility for is £10,000 for all incidents that lead to loss or damage (however it happens).

8.5 Nothing in these terms will exclude our legal responsibility for death or personal injury caused by our negligence (including that of our employees) or for fraud.

8.6 This clause applies even after this contract has ended. As far as it excludes or limits our legal responsibility, it takes priority over any other contract term.

9. Other conditions that apply

9.1 We can transfer all or any of our rights and legal responsibilities under your contract without your permission by giving you at least two weeks’ notice (unless we are acting under clause 7.6, in which case we do not need to give you any notice).

9.2 Your rights and duties under this contract apply only to you and cannot be transferred to any other person without our written permission.

9.3 If we don’t enforce any part of this contract at any time, this will not stop us from doing so in the future.

9.4 To help us improve quality, we may monitor and record calls that you or we make in relation to customer services and telemarketing.

9.5 If you need to give us notice under this contract, you must follow our instructions in any related communications on how to provide that notice.

9.6 As part of this contract, you confirmed to receive bills, notices and communications from us online or by email. We have agreed that all bills, notices and other communications we send you under our supply licence are provided to you electronically through our MyAccount service, or if appropriate by email. These could include, without limitation, relating to: price changes, information about tariffs coming to an end, responses to complaints or questions, and other information about our legal responsibilities to you, which may include bills, annual statements, and initial reminders about any outstanding debt on your account. We may still send you any of these things by post if we decide it is appropriate to do so.

9.7 These terms and conditions, the contract letter and any other documents we refer to make up the whole contract for the service between you and us.

9.8 We will not break any term of this contract by acting in line with any rights or carrying out any duties under our supply licences or any other relevant industry agreements or laws.

9.9 Nothing in this contract affects our rights under our supply licences or relevant industry agreements.

9.10 If any term of this contract is found not to be valid or cannot be enforced in full or in part, the rest of the contract will continue to apply as normal.

9.11 The laws of England apply to each contract with us and any disputes that arise in relation to it. All non-contractual disputes which relate to the services may only be heard in the English courts.

10. Making a complaint

10.1 If we’ve let you down in any way, we want to put it right quickly. It’s always best to get in touch with us first on 0333 200 5100 (Monday to Friday from 8am to 8pm and Saturday 8am to 2pm) email customer_correspondence@EDFEnergy.com or write to: FREEPOST EDF ENERGY – COMPLAINTS RESOLUTION.

10.2 If, after eight weeks, you’re still not satisfied with the way we’ve handled your complaint, you can phone the Ombudsman Services on 0300 123 1623 (9am to 5pm Monday to Friday). Or, you can email them at enquiry@ombudsman-services.org or visit ombudsman-services.org/Energy. The Ombudsman is independent. If the Ombudsman finds we have not acted correctly, they will make recommendations on how we can put this right. This might include:

(a) an apology or explanation;
(b) compensation;
(c) any other relevant action.

They may investigate your complaint if you are a residential or microbusiness customer and if you have received a deadlock letter from us or if you are unhappy with the handling of your complaint and eight weeks have passed since you first made the complaint to us.

10.3 Contact Citizens Advice if you need help with an energy problem - for example with your bills or meters, or if you’re struggling to pay for the energy you use. They’re the official source of free and independent energy advice and support.

Go to citizensadvice.org.uk/energy or call them on 0808 200 1133. Calls are charged at your normal rate.

11. National Terms of Connection

11.1 Your supplier is acting on behalf of your network operator to make an agreement with you. The agreement is that you and your network operator both accept the National Terms of Connection (the NTC) and agree to keep to its conditions. This will happen from the time that you enter into this contract and it affects your legal rights. The NTC is a legal
agreement. It sets out rights and duties in relation to the connection at which your network operator delivers electricity to, or accepts electricity from, your home or business. In the case of some non-domestic sites, as further described in the NTC, the NTC provide for the continuing application of site-specific connection terms agreed with a previous owner or occupier of the site. Your network operator will be able to tell you whether or not site-specific connection terms exist. If you want to know the identity of your network operator, or want a copy of the NTC or have any questions about it, please write to: Energy Networks Association, 1st Floor, 4 More London Riverside, London, SE1 2AU; phone 0207 706 5137, or see the website at www.connectionterms.co.uk

11.2 You accept that if we also provide you with gas under this contract, we have entered into an arrangement with your gas shipper in order to provide you with a gas supply. If your gas shipper suspends your supply for a period of time because of a gas shortage, we will pass on any compensation payment due to you as soon as possible after we receive the payments from the gas shipper.

12. Supply characteristics - electricity
As required by law, the electricity delivered to your premises through the distribution system will be supplied: (a) if you have a single-phase supply, normally at 230 volts declared alternating voltage, with an allowed range of voltage variation from plus 10% to minus 6%; (b) if you have a three-phase supply, normally at 400 volts nominal alternating voltage, with an allowed range of voltage variation from plus 10% to minus 6%; and at either of the above voltages at a frequency of 50 hertz, with a permitted nominal variation of plus or minus 1%.

13. Information policy
13.1 We respect your privacy and are committed to providing you with a clear understanding of how we use your data. To find out about the ways in which we protect and use your data, please visit our Privacy Notice and Policy at edfenergy.com/yourprivacy. If you’d like a hard copy of the privacy policy you can contact us on 0333 200 5100 and we’ll post it to you.
