

IMPORTANT INFORMATION (KEY TERMS)

We've summarised what we believe to be the key terms, but they're all important and you may have a different view of what is most significant to you. That's why it's important you read our full terms and conditions. Check our website for further information if you have any questions. We'll send updated copies at least once every 12 months, but you can request a copy at any time by contacting us through our Chat team by visiting [edfenergy.com/myaccount](https://www.edfenergy.com/myaccount) or going to [edfenergy.com/tariff-info](https://www.edfenergy.com/tariff-info)

CHARGES

Your energy prices and the date your tariff ends are set out in your Tariff Information Label. These won't change until the date your Pay On The Go tariff ends or your payment type changes. You can end this contract at any time by giving us notice. However, if this contract ends more than 49 days before its end date for any reason you may need to pay an exit fee. You can find out what exit fees apply and the value for the tariff you are on by viewing the relevant tariff information label at www.edfenergy.com/til or by calling us.

As this is a pay as you go tariff only (further detail below), if you choose to no longer pay in this way, you will need to sign up to a new tariff which allows for the payment method that you wish to use. This could result in a change to your payment method, payment frequency or charges, or all. If we make any other change which is to your disadvantage, we'll tell you and give you the chance to change supplier. We'll explain what you need to do and when, at the time. You are responsible for any charges incurred in accordance with these terms.

PAY AS YOU GO

Pay as you go is a quick and easy way to pay for your energy and the smart way to budget and keep track of your energy and is exclusive to customers with a smart meter. Pay on the app, online, in-store or over the phone. We recommend that low balance alerts are set up for one or both fuels. The alerts sent by SMS or email will let you know if your balance for either fuel goes below a pre-set threshold. Just make sure you keep an eye on your balance to make sure you've always got credit to cover your usage. You can set up your low balance threshold using the EDF App or in MyAccount. A low balance alert will be triggered when the fuel reaches the balance threshold you've set up. The pay as you go as your payment method will operate in accordance with our 'Pay As You Go Explained' leaflet, which contains information on auto top up and low balance alert and is available at [edfenergy.com/paygpolicy](https://www.edfenergy.com/paygpolicy) or to request a copy contact us on 0333 009 7111. For more information on how these functions work please visit [edfenergy.com/paygpolicy](https://www.edfenergy.com/paygpolicy).

RECONCILIATION

From time to time there may be discrepancies between PAYG customers' meter(s) and their account. EDF reserves the right to refund/deduct any over or underpayment for energy charges and make any metering adjustments. You should always check your balance and ensure your account is topped up with credit, as your meters could self-disconnect if there's no credit and you'll run out of power.

IF YOU DON'T PAY AS YOU AGREED, YOUR PAYMENT METHOD AND CHARGES MAY CHANGE

If you don't pay our bills in the way we've agreed, we can switch you to another payment method (which could involve changing your meter too) and this may increase the price you pay for your energy. If this means we fit a prepayment meter you may be responsible for the

costs, which we'll tell you about at the time. If you're struggling, you can pay through deductions to social security you receive, by regular instalments or by using a prepayment meter (provided we consider this safe and practical).

The principal terms of this tariff:

- You are required to have an eligible Smart meter which EDF can support as a payment type on pay as you go
- As this is an online payment plan, you can download our handy EDF app to manage your payments and top up your meter. Top up cards may not be sent out to you
- All support with this plan is provided through our online help centre anytime; get support from our advisers by either chat, WhatsApp or SMS
- All communications (including bills and statements) will be sent electronically

If you have a smart meter that we don't support, and/or where there may be remote communication issues with your smart meter(s), you may not be able to use all of its smart functions. In these scenarios your meter will operate as a traditional non-smart meter and we will not be able to offer you PAYG as a payment method. If this happens you'll have to pay for the energy you use via an alternative payment method. We will automatically transfer your payment method to Cash Cheque monthly (which means paying in arrears by cash, cheque or postal order) and we will send you a bill every month. You can however choose to change this to Direct Debit (which means paying for your supply in advance each month by Direct Debit, where we set the amount of your Direct Debit). You may build up debt on your account if you fail to pay for the energy you use in this period which will still need to be paid for. If after being automatically transferred to Cash Cheque monthly you choose to change this to Direct Debit, we need to agree the fixed amount you need to pay at first to cover your yearly energy costs. We'll then review this amount every 12 months. We might carry out more frequent reviews, but this isn't guaranteed. Unless we decide that it's necessary to do so, we won't alter your Direct Debit at the point you make any extra 'one-off' payments or when you change your tariff, but at each review we will take account of one-off payments you have made and changes to your tariff rate. We review your Direct Debit payments in line with our Direct Debit rules, which form part of these terms. You can find them at [edfenergy.com/directdebitrules](https://www.edfenergy.com/directdebitrules).

We will continue to try to upgrade your meter to enable PAYG as your payment method. If this is successful, we will complete a mode change to PAYG and we will let you know when this has been completed.

If you are in PAYG mode with your previous supplier and they do not mode change your meter to credit mode prior to the switch date, this may result in us not being able to remotely communicate with your meter. As a result, this may require us to exchange your smart meter with a new smart meter to enable us to continue to offer a PAYG payment method. If this is identified, we will request a UTRN (unique transaction reference number) from your previous supplier to add funds to your meter to ensure you do not lose supply prior to the meter exchange. This will be required to be paid back by the customer to EDF and will be automatically applied as a debit through the new meter.

TERMS AND CONDITIONS

DEFINITIONS

'charges' – our charges for supplying energy, including any Green Deal charges which apply.

If you don't pay as agreed, your charges may change
Please see clauses 4.3 and 4.4 for details.

'distributor' – the companies licensed to deliver energy to your premises.

'end date' – the date your Pay On The Go tariff ends, which is shown in your Tariff Information Label.

'energy' – residential gas or electricity (or both) and all related services.

'exceptions' – the conditions set out in Standard Licence Condition 14A.2 of our gas and electricity supply licence. For example, these include:

- if your previous supplier objects to transferring the supply;
- we don't have the information needed despite taking reasonable steps to get it; or
- the supply transfer is prevented by any other circumstance outside of our control where we've taken reasonable steps to deal with the problem.

'Green Deal charges' – the charges for energy-efficiency measures installed at your premises that we must collect through energy bills in line with the Government scheme known as 'Green Deal'.

'metering equipment' – the energy meter and other related devices, like key cards or in-home display devices.

'payment method' – payment by either direct debit, cash or cheque, pay as you go or any other method we determine.

'premises' – any part of any land, building or structure you've asked us to supply energy to.

'prepayment meter' – an energy meter operating in a mode which requires a customer to pay charges in advance. Both for a traditional and/or Smart meter.

'registered supplier' – the supplier registered with the local metering point administration service or metering point registration service who is responsible for supplying energy to your premises..

'smart meter' – an energy meter with an in-home display where you can see how much energy you're using and what it costs, which provides automatic meter readings and which automatically send your usage to your supplier.

'supply start date' – for each fuel, the date from when we become the registered supplier for your premises.

'supply transfer' – transferring responsibility for supplying energy to your premises from another supplier to us, so we can become the registered supplier.

'we', 'us', 'our' – EDF Energy Customers Ltd, registered office: 90 Whitfield Street, London, W1T 4EZ, incorporated in England and Wales (trading as EDF Energy).

'Pay On The Go' – the tariff that you've agreed to be supplied on.

1. Introduction

1.1 This is a contract for us to supply energy to you. By entering into it you agree to keep to its terms. Please read it carefully so you understand your responsibilities. The standards we must meet in supplying energy to you, and the compensation arrangements that apply if we fail to meet these, are set out in the Standards of Performance booklet.

1.2 You are responsible for making sure your premises are connected to all relevant distributors' networks. If they're not currently connected, please contact our live chat team by visiting [edfenergy.com/myaccount](https://www.edfenergy.com/myaccount)

1.3 Our responsibility to supply your premises (and your responsibility to pay for the supply) begins on the supply start date. From this date and for as long as we're the registered supplier, all energy that passes through your meter or which is supplied to the premises will be treated as being supplied under this contract, even if you have a contract with any other person.

1.4 This contract continues until it is ended in line with clause 7. After this time, if you want to receive a further supply, you will need to enter into a new contract with us. Any supply made during any period where there is no contract between us will be governed by our 'deemed terms of supply' published under the Gas Act 1986 and Electricity Act 1989.

1.5 If you're a new customer we do not currently supply, we'll need to ask for a supply transfer. This will be completed within 21 days after we have given your previous supplier notice, unless:

- (a) you tell us to do otherwise; or
- (b) one or more of the conditions set out in Standard Licence Condition 14A.2 of our gas or electricity supply licence (known as the 'exceptions') applies (in which

case we'll contact you to deal with the issue as soon as possible).

2. Access

2.1 You agree to give us, our contractors or any person we tell you about, safe, full, free and unrestricted access to your premises and all metering equipment and other fittings used in connection with supplying your premises. If obstructions prevent access, you must remove them and pay any costs involved. We may also charge you if you don't let us know at least 48 hours beforehand if access won't be available at the time of a booked appointment.

2.2 You are responsible for all pipes, equipment, wires and cables, and all other fittings used in connection with supplying energy on your side of the meter and their maintenance and safe condition. (Your side of the meter starts at the point energy leaves your meter after the meter has measured it, and includes your home wiring). Any energy losses that happen on your side of the meter are your responsibility. If you ask for a meter inspection at your premises, we may charge you.

2.3 You must make sure that your premises have a suitable meter installed that meets relevant industry standards for safety, accuracy and reliability and which is capable of providing all the information we need to provide and measure energy in line with the type of tariff you have chosen. If the premises do not have a satisfactory meter installed or the meter is not in a suitable place, we may replace, reposition or reprogramme it (for which we may charge you) or we may change your tariff to one that we consider appropriate (which may affect your prices). We will not be responsible for any fault relating to metering equipment we do not own or that has not been provided on our behalf. You should call us if you are not sure if your metering equipment is appropriate.

2.4 In respect of your smart meter, you agree that:

- (a) it and the in-home display unit must not be removed from the premises without our permission;
- (b) we may use it to remotely monitor the energy you use;

- (c) we may remotely repair and update it, switch it from pay as you go to another payment method or disconnect your supply (or both);
- (d) we may use information from it to work out your bill, offer you appropriate tariffs and other products (including via any associated in-home display device) and for any other purposes in line with the information policy; and

- (e) from time to time the information from your smart meter may not correctly reflect the energy you have used. In such circumstances, we reserve the right to apply the correct charges which will be applied to your smart meter or reflected in a separate bill.

2.5 You must make sure that all metering equipment is not damaged, stolen or lost and is kept in safe condition. You must tell us immediately if there is any damage or fault to the metering equipment. We may recover any costs we have to pay for replacing or repairing the metering equipment (including any call-out charges), unless the loss or damage is caused by something we have done or failed to do.

2.6 If your contract ends, we may recover any metering equipment we have provided to you and you will give us, our contractors or any person we tell you about, all the access we need to do this.

3. Energy price, tariff features and charges

3.1 You agree to pay all charges due under this contract which are not genuinely disputed, even if the charges are based on an estimate of your energy use.

3.2 We may at any time (except if you are supplied through a prepayment meter or if it is otherwise not reasonable), ask you for a reasonable deposit (or other form of security) towards the charges (a 'security deposit'). If you don't provide this, we may give you notice to end this contract in line with clause 7. If we decide a security deposit is no longer needed, we may use it to pay off any debt you owe us.

3.3 We can charge you any reasonable costs and expenses we have to pay in carrying out our responsibilities to you. This includes any reasonable costs connected with distributors' services, recovering money you owe, and disconnecting, reconnecting or replacing any metering equipment.

3.4 You can ask for up-to-date information on our tariffs and charges which apply, and any other charges we might make for other services. To do this contact our live chat team by visiting [edfenergy.com/myaccount](https://www.edfenergy.com/myaccount) or visit [edfenergy.com/additionalcharges](https://www.edfenergy.com/additionalcharges)

The principal terms of this tariff:

- 3.5
- You are required to have an eligible Smart meter which EDF can support as a payment type on pay as you go
 - As this is an online payment plan, you can download our handy EDF app to manage your payments and top up your meter. Top up cards may not be sent out to you
 - All support with this plan is provided through our online help centre anytime; get support from our advisers by either chat, WhatsApp or SMS
 - All communications (including bills and statements) will be sent electronically

Energy prices

3.6 The charges for your Pay On The Go tariff are set out in your Tariff Information Label which you should have received as part of your welcome pack. The charges which apply to you depend on your supply area, the type of your meter and the structure of your tariff.

3.7 Except for a change in law, regulation, tax or duty which affects us in a way that is beyond our reasonable control, or the introduction of a new tax, duty, charge or levy which we have to or are allowed to recover from you through your energy bill (or bills), the prices and terms and conditions for your Pay On The Go tariff will not change until the end date.

3.8 If you're already an EDF customer and are changing your tariff, you won't receive the benefits of your new tariff (for example its prices) until we process the change. We'll write to you to confirm when this will happen.

3.9 The Pay As You Go tariff is only available if you have an eligible smart meter which is compatible with a pay as you go payment type. If you have a different type of meter and/or wish to choose another payment type other than pay as you go, you will not be able to have this plan and we will need to supply you on a different tariff, which is likely to have different prices and features.

3.10 If you have a smart meter that we don't support, and/or where there may be remote communication issues with your smart meter(s), you may not be able to use all of its smart functions. In these scenarios your meter will operate as a traditional non-smart meter and we will not be able to offer you PAYG as a payment method. If this happens you'll have to pay for the energy you use via an alternative payment method. We will automatically transfer your payment method to Cash Cheque monthly (which means paying in arrears by cash, cheque or postal order) and we will send you a bill every month. You can however choose to change this to Direct Debit (which means paying for your supply in advance each month by Direct Debit, where we set the amount of your Direct Debit). You may build up debt on your account if you fail to pay for the energy you use in this period which will still need to be paid for. If after being automatically transferred to Cash Cheque monthly you choose to change this to Direct Debit, we need to agree the fixed amount you need to pay at first to cover your yearly energy costs. We'll then review this amount every 12 months. We might carry out more frequent reviews, but this isn't guaranteed. Unless we decide that it's necessary to do so, we won't alter your Direct Debit at the point you make any extra 'one-off' payments or when you change your tariff, but at each review we will take account of one-off payments you have made and changes to your tariff rate. We review your Direct Debit payments in line with our Direct Debit rules, which form part of these terms. You can find them at [edfenergy.com/directdebitrules](https://www.edfenergy.com/directdebitrules).

We will continue to try to upgrade your meter to enable PAYG as your payment method. If this is successful, we will complete a mode change to PAYG and we will let you know when this has been completed.

If you are in PAYG mode with your previous supplier and they do not mode change your meter to credit mode prior to the switch date, this may result in us not being able to remotely communicate with your meter. As a result, this may require us to exchange your smart meter with a new smart meter to enable us to continue to offer a PAYG payment method. If this is identified, we will request a UTRN (unique transaction reference number) from your previous supplier to add funds to your meter to ensure you do not lose supply prior to the meter exchange. This will be required to be paid back by the customer to EDF and will be automatically applied as a debit through the new meter

3.11 Whilst we'll endeavour to provide you access to our online channels 24/7, from time to time, we may have to carry out scheduled maintenance. During these times, online self serve may not be available however if you need to top up your meter, you can benefit from our automated 24 hour line by calling 0333 200 5108

- 3.12 The Pay On The Go tariff is only available for customers who are not in debt to us. If you have, or at any time agree, an instalment plan with us to pay outstanding debt then we are permitted to refuse to offer, or supply you on, the Pay On The Go tariff. If we do so, we will inform you of alternative tariffs we offer. If you fall into debt while supplied on Pay On The Go then we may terminate this contract. If we do, and continue to supply you, then you will be supplied on our deemed contract scheme, and will be charged our deemed contract scheme prices for cash/cheque customers, which are available at www.edfenergy.com/sites/default/files/r505_deemed_rate_card.pdf
- 3.13 If, within 20 working days of your Pay On The Go tariff coming to an end, either: (a) you agree a new fixed term tariff with us; or (b) another supplier formally lets us know that they will become your registered supplier and your switch goes ahead within a reasonable period, we'll extend your current prices and terms until the transfer happens (a 'tariff extension'). We'll do this unless you're changing supplier and have charges on your account that have been outstanding for 28 days or more. In those cases we may tell the other supplier that we're preventing the transfer until you've paid. We'll tell you if this happens, and as long as you then pay the charges within 30 working days your transfer will be able to go ahead and we'll apply the tariff extension provided you do transfer to your new supplier within a reasonable period.

Zero Carbon Electricity

- 3.14 At the end of each fuel mix reporting year, we'll make sure we have allocated enough nuclear generation declarations to match the total volume of electricity supplied under this contract. The fuel mix reporting year begins on 1 April and ends on 31 March the following year.
- UK Fuel Mix disclosure information, published by the Government (BEIS) recognises electricity from wind, solar and nuclear fuel produces zero carbon dioxide emissions at the point of generation.

4. Our right to change terms

- 4.1 We are allowed to change all terms of supply at any time, as long as the change is not to your disadvantage. Any changes will apply from the date we publish them on our website. **If you don't pay as you agreed, your charges may change.**
- 4.2 If you have a debt which is still not paid after 28 days or if you fail to keep to any payment method we agree with you, we may change your payment method or payment frequency (which could involve changing your meter too). Or we may treat this as you giving us notice to end your contract under clause 7.1. In either case, if you continue to take energy from us, this could, result in your charges changing. If this happens, we'll give you seven working days' notice, explaining what changes will be made and why.
- 4.3 If you or we end this contract and we continue to be your registered supplier, if you haven't agreed a new tariff with us then you may move to our 'deemed contract scheme' which has different prices and terms and conditions. These are available at edfenergy.com/sites/default/files/r505_deemed_rate_card.pdf. If this happens, or if we change your contract under clause 4.3, you will no longer benefit from features such as any fixed-price period.

Your right to change terms

- 4.4 You are allowed to change any of the following terms at any time:
- (a) Type of meter – as long as you have paid all charges due for your energy and your tariff supports your chosen new meter, you may change your current tariff from standard metering to multi-rate (for example, Economy 7) metering, and vice versa. However, your new meter must also be a smart meter if you want to stay on your Pay On The Go tariff.
- (b) Moving home – if you move home and the payment method and meter type at your new home support your existing tariff, you may change the premises being supplied to your new premises. If you decide to do this, you must tell us which fuels you want us to supply at your new premises so that we can apply to become the registered supplier for those fuels.
- (c) Payment method – if you wish to change your payment method, you will need to change your tariff. The payment method for this tariff is pay as you go only. If you choose not to pay in this way, you will have to agree to another tariff where there are other payment options.
- 4.5 To do any of the above you need to ask us. If you do, the changes will apply once we have processed your request. Your charges may change as a result, and you agree to this. You may also have to pay costs associated with changing your meter. We will explain any changes

to your charges and any extra costs to you at the time.

5. Billing

- 5.1 We will give you a bill or statement at least once a year, but we may send you a bill or statement at any time, or in line with your agreed payment method and communication preferences. We will charge you for your energy usage based on the amount of energy we reasonably consider that you have consumed (or which we estimate you have consumed in accordance with paragraph 5.2 below) for the period covered by your bill, up to a maximum period of twelve months except where the charges relate to circumstances where:
- a) we have previously taken steps to recover payment for charges which are older than this,
- b) we have not taken action to recover older charges because of any unreasonable act or omission on your part, or
- c) any other circumstance applies which our regulator confirms that we may seek to recover charges relating to consumption that is older than twelve months.
- Where we don't have an up to date meter reading we will bill you based on an estimated reading using the information that we have available about your property, however to help us to improve the accuracy of your bills please provide us with an up to date and accurate meter reading at least once per year.
- 5.2 We have the right to estimate your usage if we don't have all the information we need (including the energy you have used during any period) to work out the charges you owe us. We'll estimate using information we have about the energy used at the premises. This may take into account adjustments to reflect seasonal changes in use and previous meter readings, or the characteristics of your home and household energy use, or price changes.
- 5.3 If your meter is not read immediately before the supply start date, or we reasonably believe that the reading we have is not accurate, we may estimate the amount of energy supplied during the period beginning with the supply start date and ending with either:
- (a) the date the meter is first correctly read after the date we start supplying you; or
- (b) the date your contract with us ends; whichever is earlier.
- 5.4 Where this contract ends, we'll take all reasonable steps to send you a final bill within 6 weeks. Where new information becomes available, we'll send you a corrected final bill as soon as reasonably practicable.

6. Payment

- 6.1 You must pay your bill by the due date on the bill (or if a due date is not given within 14 calendar days of the bill date) using the payment method we have agreed with you.
- 6.2 If you have a debt which is still not paid after 28 days or if you fail to keep to any payment method we agree with you, we will treat this as you giving us notice to end your contract with us under clause 7.1.
- 6.3 We have the right to use or transfer any debts or credits you have on your energy account: (a) with a previous supplier to us; or (b) with us to a new supplier. Either of us can use credit you have on accounts with us to pay off debt you owe us or our group companies.
- 6.4 If you are being supplied at premises where Green Deal charges apply, we'll collect these from you through your bill or statement. You must pay Green Deal charges using the same payment method as you pay for your energy. You cannot choose a different method. We'll only collect Green Deal charges that become due after we start supplying you, and we'll pass them on to your Green Deal provider.

Pay As You Go

- 6.5 As you pay for your energy by Pay as you go, you pay for your energy in advance of you using it. There is £10 emergency credit available if for any reason you can not top up your meter for Gas, Electricity or both. You will always have to pay this back. We'll automatically take a payment for your emergency credit as soon as you top up your meter. For more information visit <https://www.edfenergy.com/for-home/help-centre/faq/how-does-emergency-credit-work-my-smart-pay-you-go-meter>

Debt

- 6.6 If we agree a payment method with you, you must pay charges in line with it. If not, we can withdraw it and all outstanding charges will then be due in full.
- 6.7 If you're struggling to pay for your energy, you can pay through deductions to social security you receive or by regular instalments.
- 6.8 If you fall into debt and we agree with you to pay this debt via an instalment plan, we may move you to our Cash Cheque prices version.
- 6.9 If you are late in paying any of our bills and fail to pay it in full after we have reminded you to pay, we may

charge you a £10 late payment charge for that bill.

- 6.10 If your contract ends and you do not pay the charges due under the contract within 28 days of it ending, we may transfer to your new supplier the right to recover those charges from you (within certain limits set out in our licence). Equally, in line with the same limits, when your contract begins, your previous supplier may grant us the right to recover any unpaid charges from your contract with them. In these circumstances, you agree that we can collect from you the amount you owe, plus reasonable costs.
- 6.11 We'll only take debt recovery actions which we consider to be proportionate.

7. Ending your contract

- 7.1 From the day after signing up with us, you have a 14 day cooling-off period during which you can cancel this contract at no cost. You can also end this contract with us at any other time by:
- (a) asking another supplier to become your registered supplier (your new supplier should then formally contact us and this contract will end when they become your registered supplier); or
- (b) giving us notice as set out in clause 6.2. If you do this, you will still be responsible for paying our charges for the period we are your registered supplier. If we continue to be your registered supplier after you try to end this contract, unless you agree a different contract, you will move onto our deemed contract scheme.
- 7.2 If you use your right under clause 4.5(c) and want to stop taking one of the fuels we supply (for example, you go from dual fuel to electricity only), you may do so if:
- (a) another supplier becomes your registered supplier for that fuel; or
- (b) your new premises do not receive a supply of that fuel (for example, if your new premises is not connected to the distributor's system) and you do not arrange for it to start receiving one. In these cases, this contract will no longer apply to the relevant fuel.
- 7.3 Unless you use your right under clause 4.4(b), if you change premises you must give us notice so we can end this contract. If not, you'll still be legally responsible for the charges at the original premises. After you receive notice, we will have two working days to cancel the contract.
- 7.4 If you use your right under clause 4.5(c) and we are not already the registered supplier for your new premises, our responsibilities to you under this contract will be suspended from the date you leave your old premises until the date we become the registered supplier of your new premises. The contract will stay in place while it is suspended, and you will still be responsible under it for bills relating to energy used at your old premises up until a new person takes over that responsibility.
- 7.5 We can end our arrangements with you under this contract by giving you written notice except if we are acting under clause 7.6 (in which case, we do not need to give you any notice).
- 7.6 We are entitled to end this contract immediately in any of the following circumstances:
- (a) you do not keep to any of its terms;
- (b) you no longer own, rent or use the premises;
- (c) you have any form of bankruptcy or insolvency proceedings brought against you;
- (d) we reasonably believe that you have stolen energy or deliberately interfered with any metering equipment;
- (e) there is a risk of danger to you or others if we continue the supply;
- (f) circumstances beyond our reasonable control mean we are not able to carry out our duties under this contract (for example, anything any other energy supplier, distributor, or other person does or fails to do);
- (g) we are no longer licensed as an energy supplier or are asked to stop supplying you by Ofgem or another industry regulator; or
- (h) Ofgem issues a direction to another supplier telling them to take over the supply to your premises, including in circumstances where Ofgem has decided that there has been an event, or a situation has arisen, which means it is allowed to take away our supply licence; and has decided to do so. .
- 7.7 If we're entitled to prevent energy being supplied to you under the contract (including disconnecting your premises), you agree to let us (and our agents) into your premises at all reasonable times to do this.
- 7.8 Ending your contract will not affect any rights and responsibilities you or we had before the contract ended, or which are due to come into force or continue after the date it ended. Clauses 5.4, 6.3, 6.10 and 6.14 continue to apply even after our supply licence has ended.

- 7.9 If you are responsible for paying Green Deal charges, your responsibility continues after this contract ends and your new supplier will collect your Green Deal charges when they take over your supply.
- 7.10 You can end this contract at any time by giving us notice. However, if this contract ends more than 49 days before its end date for any reason you may need to pay an exit fee. You can find out what exit fees apply and the value for the tariff you are on by viewing the relevant tariff information label at www.edfenergy.com/til or by calling us.

Ending a tariff

- 7.11 In advance of the tariff end date we'll write to remind you that your Pay On The Go tariff is ending. You can then:
- (a) switch to one of our other tariffs, as long as your new tariff is already available or becomes available within 20 working days of the end date (if you do so we'll let you stay on your Pay On The Go tariff prices until you move onto your new tariff);
 - (b) switch to another supplier (as long as they formally let us know within 20 working days of the end date that they will become your registered supplier within a reasonable period, we'll let you stay on your Pay On The Go tariff prices until your switch goes through); or
 - (c) if you don't do (a) or (b), we'll arrange for your energy accounts to be automatically transferred on the end date to the most appropriate standard variable or fixed tariff that we have on offer at the time based on your current type of meter and payment method. We'll include the prices for this tariff when we write to you.

8. Limits to our legal responsibilities

- 8.1 We are only legally responsible to you as set out in these terms and conditions. We have no other duty or legal responsibility to you, and all responsibilities, guarantees and any other conditions implied by law or otherwise will not apply, as far as this is allowed by law.
- 8.2 We will not be legally responsible to you for any event or circumstance beyond our reasonable control.
- 8.3 We are not legally responsible to you in any way for any indirect or direct loss of income, business or profits, or for any other loss or damage that could not reasonably have been expected at the time we entered into this contract, other than that caused by us acting fraudulently. Also, we will not be legally responsible to you for any loss you suffer as a result of your responsibilities to any other person (however this is caused).
- 8.4 If we are legally responsible to you under these terms, except as set out in clause 8.5 below, the maximum amount we will accept responsibility for is £10,000 for all incidents that lead to loss or damage (however it happens).
- 8.5 Nothing in these terms will exclude our legal responsibility for death or personal injury caused by our negligence or legal responsibility resulting from us failing to carry out our legal duty under Part 1 of the Consumer Protection Act 1987 or for fraud.
- 8.6 This clause applies even after this contract has ended. As far as it excludes or limits our legal responsibility, it takes priority over any other contract term.

9. Other conditions that apply

- 9.1 We can transfer all or any of our rights and legal responsibilities under your contract without your permission by giving you written notice (unless we are acting under clause 7.6, in which case we do not need to give you any notice).
- 9.2 Your rights and duties under this contract apply only

- to you and cannot be transferred to any other person without our written permission.
- 9.3 If we don't enforce any part of this contract at any time, this will not stop us from doing so in the future.
- 9.4 To help us improve quality, we may monitor and record calls that you or we make in relation to customer services and telemarketing.
- 9.5 If you need to give us notice under this contract, you must follow our instructions in any related communications on how to provide that notice. You may communicate any general notices to us in writing to the address shown on your contract, by email to CP@edfenergy.com or by contacting our live chat team at edfenergy.com/myaccount.
- 9.6 As part of this contract, you confirmed to receive bills, notices and communications from us online or by email. We have set up your account so that all bills, notices and other communications we send you under our supply licence are provided to you electronically through our MyAccount service, or if appropriate by email. These could include notices relating to: price changes, information about tariffs coming to an end, responses to complaints or questions, and other information about our legal responsibilities to you. It will also include bills, annual statements, and initial reminders about any outstanding debt on your account. We may still send you any of these things by post if we decide it is appropriate to do so.
- 9.7 These terms and conditions, the contract letter and any other documents we refer to make up the whole contract for the service between you and us.
- 9.8 We will not break any term of this contract by acting in line with any rights or carrying out any duties under our supply licences or any other relevant industry agreements or laws.
- 9.9 Nothing in this contract affects our rights under our energy-supply licences or other relevant laws.
- 9.10 If any term of this contract is found not to be valid or cannot be enforced in full or in part, the rest of the contract will continue to apply as normal.
- 9.11 The laws of England apply to each contract with us and any disputes relating to your contract and all non-contractual disputes which relate to the services may only be heard in the English courts.

10. Making a complaint

- 10.1 If we've let you down in any way, we want to put it right quickly. It's always best to get in touch with us first on 0333 200 5100 (Monday to Friday from 8am to 8pm and Saturday 8am to 2pm) email customer_correspondence@EDFenergy.com or write to FREEPOST: EDF ENERGY - PLYMOUTH
- Details of our complaint handling procedure can be obtained at edfenergy.com/makingacomplaint. If you're not satisfied with the way we've handled things after contacting us there are other options you can take.
- You can contact the Complaints Resolution Team by calling 0333 200 5101 (8am to 5pm, Monday to Friday), email complaintresolution@edfenergy.com or write to: FREEPOST EDF ENERGY – COMPLAINTS RESOLUTION.
- 10.2 If, after eight weeks, you're still not satisfied with the way we've handled your complaint, you can phone the Ombudsman Services: Energy on 0330 440 1624 (9am to 5pm Monday to Friday). Or, you can email them at enquiry@ombudsman-services.org or visit ombudsman-services.org/energy. The Ombudsman is free, independent. If the Ombudsman finds we have not acted correctly, they will make recommendations on how we can put this right. This might include:

- (a) an apology or explanation;
 - (b) compensation; or
 - (c) any other relevant action.
- They may investigate your complaint if you are a residential or microbusiness customer and if you have received a deadlock letter from us or if you are unhappy with the handling of your complaint and eight weeks have passed since you first made the complaint to us.
- 10.3 Contact Citizens Advice if you need help with an energy problem - for example with your bills or meters, or if you're struggling to pay for the energy you use. They're the official source of free and independent energy advice and support.
- Go to citizensadvice.org.uk/energy or call them on 0808 223 1133. Calls are charged at your normal rate.

11. National Terms of Connection

- 11.1 Your supplier is acting on behalf of your network operator to make an agreement with you. The agreement is that you and your network operator both accept the National Terms of Connection (NTC) and agree to keep to its conditions. This will happen from the time that you enter into this contract and it affects your legal rights. The NTC is a legal agreement. It sets out rights and duties in relation to the connection at which your network operator delivers electricity to, or accepts electricity from, your home or business. In the case of some non-domestic sites, as further described in the NTC, the NTC provide for the continuing application of site-specific connection terms agreed with a previous owner or occupier of the site. Your network operator will be able to tell you whether or not site-specific connection terms exist. If you want to know the identity of your network operator, or want a copy of the NTC or have any questions about it, please write to: Energy Networks Association, 1st Floor, 4 More London Riverside, London, SE1 2AU: phone **0207 706 5137**, or see the website at www.connectionterms.co.uk
- 11.2 You accept that if we also provide you with gas under this contract, we have entered into an arrangement with your gas shipper in order to provide you with a gas supply. If your gas shipper suspends your supply for a period of time because of a gas shortage, we will pass on any compensation payment due to you as soon as possible after we receive the payments from the gas shipper.

12. Supply characteristics – electricity

As required by law, the electricity delivered to your premises through the distribution system will be supplied: (a) if you have a single-phase supply, normally at 230 volts declared alternating voltage, with an allowed range of voltage variation from plus 10% to minus 6%; (b) if you have a three-phase supply, normally at 400 volts nominal alternating voltage, with an allowed range of voltage variation from plus 10% to minus 6%; and at either of the above voltages at a frequency of 50 hertz, with a permitted nominal variation of plus or minus 1%.

13. Information policy

- 13.1 We respect your privacy and are committed to providing you with a clear understanding of how we use your data. To find out about the ways in which we protect and use your data, please visit our Privacy Notice and Policy at edfenergy.com/yourprivacy
- If you'd like a hard copy of the privacy policy you can contact us on 0333 200 5100 and we'll post it to you.
