Making a complaint for Residential customers
Making a complaint

We do our best, so that things go as smoothly as they can for you. But if something goes wrong, and you want to make a complaint, we want to hear about it so that we can fix it for you.

We’ll do all we can to resolve your complaint as quickly as possible, we do this by:

- Understanding the situation and what caused the problem.
- Explaining what we’ll do to fix it and whether we need some further info from you.
- Provide you with an idea of how long it will take.
- Ask you what you want to resolve your complaint.

We’ll keep you updated throughout and promise that we’ll work as efficiently as we can to bring the matter to an end for you and will only close your complaint once we know you’re happy with the outcome – this usually happens within 2 working days.

Step 1 – Contact our Customer Services Team

External Advice:

We’re confident we’re the right people to help you with your complaint. We know that sometimes you may want to seek help from a third party. This could be because you’ve received a deadlock letter from us.

Citizens Advice

Contact Citizens Advice if you need help with an energy problem - for example with your bills or meters, or if you’re struggling to pay for the energy you use. They’re the official source of free and independent energy advice and support. Go to citizensadvice.org.uk/energy or call them on 0808 223 1133. Calls are free.

The Ombudsman

Ombudsman Services: Energy: We always try to come to an outcome that you’re happy with, but sometimes that’s not possible. In these cases, we will issue you with a ‘deadlock’ letter. If you’ve received this or it’s been 8 weeks since we logged your complaint, you could contact the Ombudsman Services: Energy.

They’re free, totally independent. Decisions are based on the facts available and may take up to 12 weeks, as they look at your case from the beginning to decide on a final outcome. This may be an apology, explanation, financial award or to correct the issue. We’re bound to act on their decision however you aren’t.

You can call them on 0330 440 1624 (9am to 5pm Monday to Friday), email enquiry@ombudsman-services.org or visit ombudsman-services.org/energy.
